Tax Compliance and Tax Advocacy

We constantly aim for certainty in our tax positions and obtain internal or external advice to validate our position where appropriate. If we seek rulings from tax authorities to confirm an applicable tax treatment, we do so based on full disclosure of all relevant facts and circumstances.

We seek efficiency in tax matters, including the prevention of double taxation, and pay only the tax due following reasonable interpretation and application of tax rules.

We do not engage in aggressive tax planning or artificial structuring that lacks business purpose or economic substance. Our tax activities are conducted with the clear understanding that all facts and circumstances must be disclosed to tax authorities.

This strategy is approved, owned and overseen by the Board of Euler Hermes Services UK Limited.
