Policy Number in respect of Marketing Policy Endorsement

You and we agree that:

1. In response to a limit request from you, we may issue a limit notification to you, quoting the reference number specified against your name. The policy number quoted on the limit notification is for administration purposes only (the “Marketing Policy”) and such limit notifications are issued by us for information purposes (collectively the “Marketing Limits” and individually the “Marketing Limit”). The limit notifications are not **Approved Limits** under this **Policy** or any other **Policy** notwithstanding that they may be referred to as **Approved Limits** in our limit notifications.
2. The Marketing Limits are valid for (number) months from the date we notify you of such Marketing Limits (the “Validity Period”).
3. At any time during the Validity Period, you may request us and such request will not be withheld, to transfer to this **Policy** a Marketing Limit, except for nil Marketing Limits. Once a Marketing Limit has been transferred to this **Policy**, such Marketing Limit will be an **Approved Limit** under this **Policy** from either the start date specified in our limit notification under this **Policy** or if no start date is specified, the date of transfer of the Marketing Limit to this **Policy**.

4. The limit requests made on the marketing **Policy** will be accounted for in the risk fees stated in the “Risk Services” Endorsement.
